Only original roofing tiles are colour guaranteed

Exactly the right combination of function and design: our classic roof tiles. With such a large selection of different colours and shapes, you are certain to find the tile that is right for you.

Ergoldsbacher E 58 – More than 1.5 billion sold pieces since 1958: the tile E 58 is Germany's best-selling flat roof tile.

Our classic has been the ideal combination between form and function – for more than 50 years.

The visible result: a unique, timeless look.

- **Number required per m²:** approx. 14.5 tiles
- **Minimum roof pitch:** 10°, **Regular roof pitch:** 20°

Ergoldsbacher E 58 SL – Combines all the advantages of the E 58 family in one economical tile.

Its design is the result of ongoing development of the Ergoldsbacher E 58 roof tile. With its even greater sliding range, it offers even more freedom for economical roof restoration than the E 58 S.

- **Number required per m²:** approx. 11.5 to 12.5 tiles
- **Minimum roof pitch:** 10°, **Regular roof pitch:** 20°

Ergoldsbacher Großfalzziegel (Large Interlocking Tile) – The traditional interlocking tile that covers 20 % more area.

It is especially economical due to large cover area, and its low weight makes it easy and quick to install. Interlocked it provides high storm security.

- **Number required per m²:** approx. 12.5 tiles
- **Minimum roof pitch:** 10°, **Regular roof pitch:** 28°

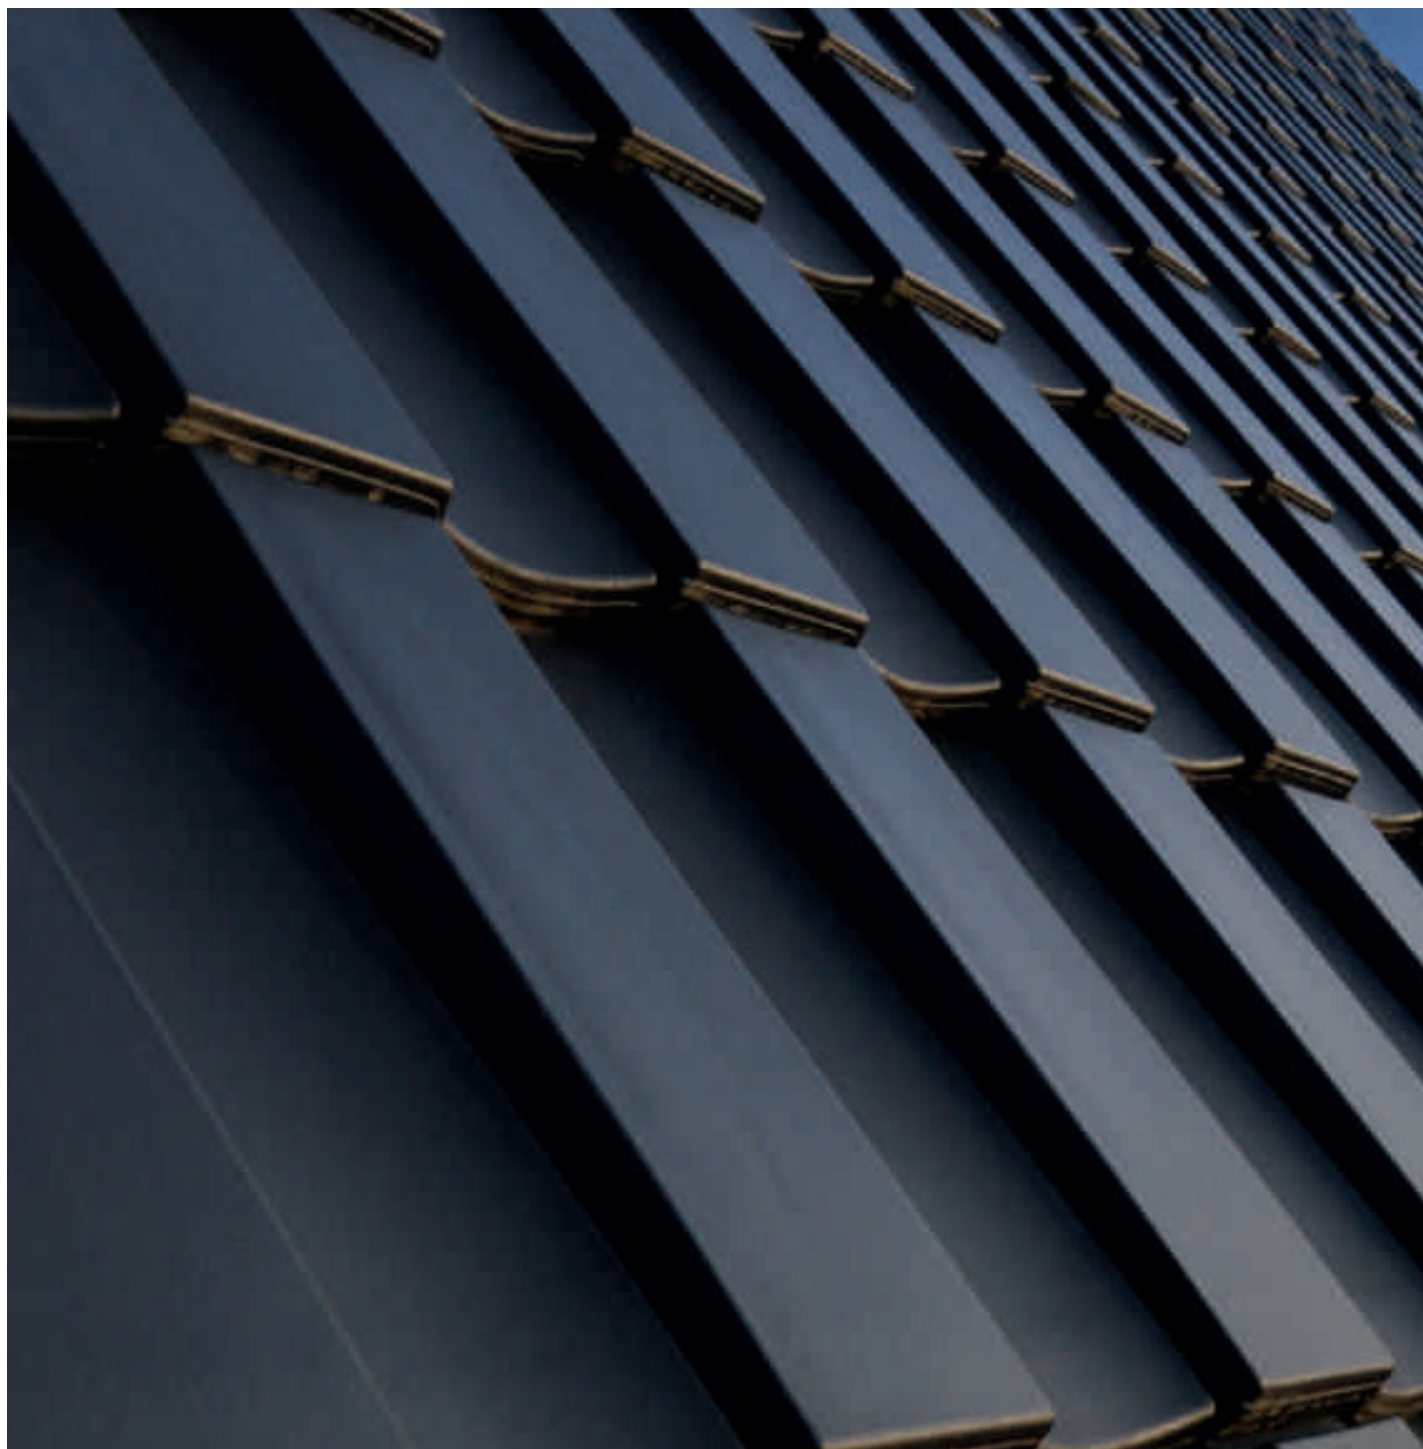

Ergoldsbacher Hohlfalz SL – Soft form, tough material.

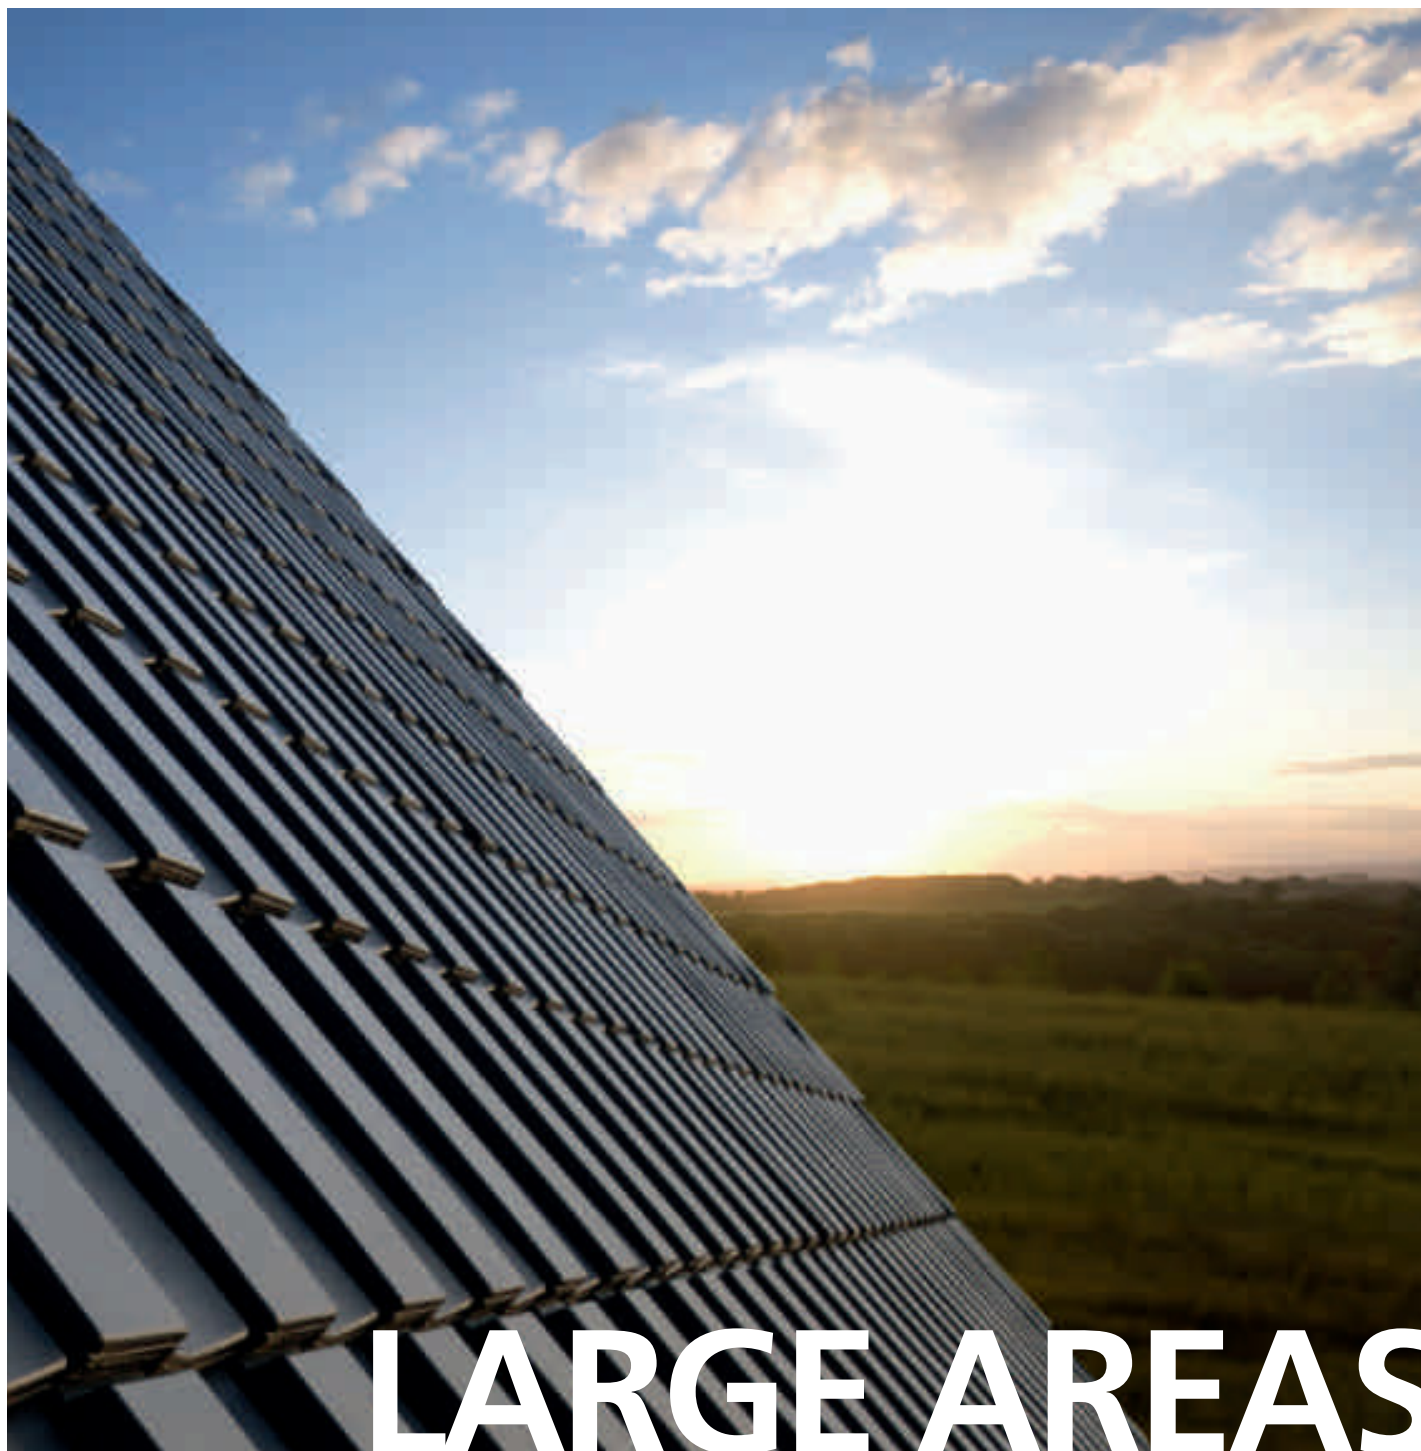

An extraordinary surface, a timelessly attractive look and beautiful light and shadow effects: the Hohlfalz SL is more than a regional alternative, also when it comes to monument conservation.

- **Number required per m²:** from 11.5 tiles
- **Minimum roof pitch:** 10°, **Regular roof pitch:** 20°

LARGE AREAS

LARGE AREAS

Striking and economical: The „big ones” from ERLUS are simple and quick to install, and are economically impressive.

Ergoldsbacher E 58 PLUS® – The E 58 in PLUS size.

Its impressively harmonious proportions are the further implementation of the classic E 58 profile. The E 58 PLUS® offers an attractive appearance and a surface quality that sets the standard. Its PLUS size is especially suited to large restorations.

- **Number required per m²:** approx. 7.4 to 8 tiles
- **Minimum roof pitch:** 10°, **Regular roof pitch:** 20°

RESTORATION

Roof restorations place high requirements on the flexibility of the materials. ERLUS offers you a broad range of roof tiles for various restoration needs, with maximum sliding ranges and installable on large surfaces.

Ergoldsbacher E 58 S – Optimised for restoration.

For more than half a century, the product line of Ergoldsbacher E 58 clay roof tiles has excited our customers. The Ergoldsbacher E 58 S with its large sliding range convinces our customers as the ideal „re-roofing tile“ for roof restoration.

- **Number required per m²:** approx. 13.9 to 14.9 tiles
- **Minimum roof pitch:** 10°, **Regular roof pitch:** 22°

Ergoldsbacher E 58 SL – Combines all the advantages of the E 58 family in one economical tile.

Its design is the continued development of the Ergoldsbacher E 58. The larger sliding range offers even more freedom for an economical roof restoration than the E 58 S.

- **Number required per m²:** approx. 11.5 to 12.5 tile
- **Minimum roof pitch:** 10°, **Regular roof pitch:** 20°

Ergoldsbacher E 58 PLUS® – The E 58 in PLUS size.

Its impressively harmonious proportions are the further implementation of the classic E 58 profile.

The E 58 PLUS® offers an attractive appearance and a surface quality that sets the standard.

Its PLUS size is especially suited to large restorations.

- **Number required per m²:** approx. 7.4 to 8 tiles
- **Minimum roof pitch:** 10°, **Regular roof pitch:** 20°

Ergoldsbacher Großfalzziegel (Large Interlocking Tile) – The traditional interlocking tile that covers 20 % more area.

It is especially economical due to large cover area, and its low weight makes it easy and quick to install. Interlocked, it provides high storm security.

Sinter Red

Ergoldsbacher One-piece Mission Tile – Classic „Over and Under Tile” appearance in an economical form.

The strong light and shadow effect of the one-piece mission tile gives your roof a distinctive profile.

Therefore, this striking roof tile is well suited to buildings of historic character and houses with Italian flair.

- **Number required per m²:** approx. 14.5 tiles
- **Minimum roof pitch:** 10°, **Regular roof pitch:** 22°

Natural Red

Franconian Tile – For historic roofs with regional character.

Its svelte lines make this tile unmistakable. It catches the eye by simple elegance and can be installed dry or with mortar.

- **Number required per m²:** approx. 17.5 tiles
- **Minimum roof pitch:** 10°, **Regular roof pitch:** 40°

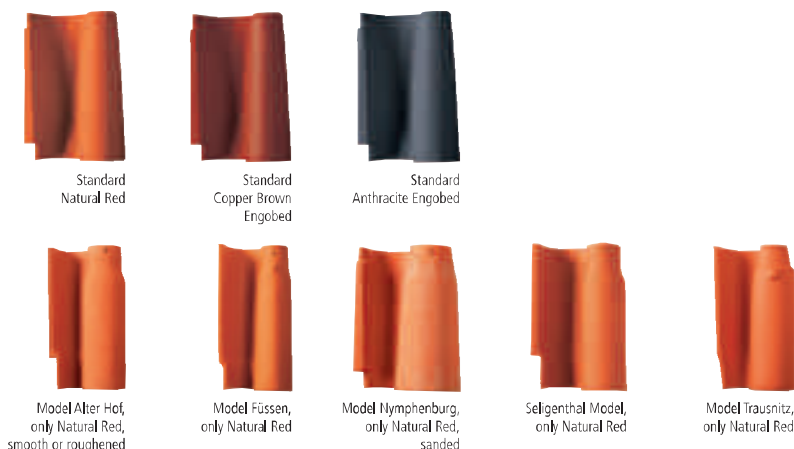

Natural Red

Ergoldsbacher Over and Under Tile – Historically faithful and a strong expression.

A Mediterranean note ideal for individualistic roof designs and wall covers (without projections) for superior single family houses. ERLUS is the largest German supplier of over and under tiles and offers six different models in the standard range.

- **Number required per m²:** depends on model
- **Minimum roof pitch:** 10°, **Regular roof pitch:** 40°

Ergoldsbacher Plain Tiles – The leading range for churches and the preservation of historic buildings.

A classic, like they used centuries ago. It allows the creation of calm and unified surface effects. Timeless aesthetics accompany comprehensive design options. ERLUS is the market leader in surfaces and shapes and also offers the industry's largest standard selection of plain tiles.

- **Number required per m²:** approx. 33.7 to 44.5 tiles (depending on coverage and format)
- **Minimum roof pitch:** 10° (sinter plain tiles), 18° (plain tiles), **Regular roof pitch:** 30°

*only for round shapes

Roofs are more than just protection from the weather – they underline the character of a house and awaken emotion. ERLUS roof tiles in classic southern shapes and colours will bring a piece of Mediterranean lifestyle to your house.

Ergoldsbacher E58 S – Optimised for restoration.

For more than half a century, the product line of Ergoldsbacher E58 clay roof tiles has excited our customers. The Ergoldsbacher E58 S with its large sliding range convinces our customers as the ideal „re-roofing tile“ for roof restoration.
